Objectives:

Dedicated and motivated Computer Engineering student specializing in Red Teaming and Offensive Security. Leveraging practical experience in penetration testing, Linux environments, and network security, I focus on identifying real-world vulnerabilities and delivering actionable remediation. I completed a Red Teaming & Ethical Hacking diploma (Red Nexus), ranked in the Top 10% on TryHackMe, and have hands-on CCNA-level networking experience. My goal is to contribute my offensive security skills to internships or junior red-team roles, helping organizations detect and mitigate risks while strengthening overall security posture

Professional Experience:

Presentation Live Media Production — Network Security Intern December 2025 - February 2026

- It was an excellent opportunity to gain valuable skills and practical experience and develop a strong sense of professionalism.
