PROFESSIONAL SUMMARY

Computer Engineering student focused on Data Analytics and Business Intelligence. Experienced in building analytics projects using Python, SQL, MySQL, Power BI, Power Query, DAX, and Excel, covering data modeling, KPI development, and dashboard design. Seeking a Data Analyst internship or entry-level opportunity.

PROFESSIONAL EXPERIENCE

Network Security Intern — Presentation Live Media Production

December 2025 – February 2026

- Supported network and security operations in a professional IT environment, assisting with monitoring and issue resolution.
- Collaborated with technical teams to troubleshoot issues and document resolution steps for internal reference.

PROJECTS

- **Travel Analytics Dashboard:** Designed a BI solution for a travel agency use case, generating sample datasets with Python and building a Power BI star-schema model across 5 dashboard pages (overview, customer intelligence, workforce & sales, financials, routes & destinations).
- **Healthcare Analytics Dashboard:** Built a 4-page Power BI dashboard (Hospital Overview, Doctors, Patients & Medical, Financial Analysis) for a simulated hospital system. Generated sample clinical data with Python/Faker and modeled table relationships using custom DAX measures and KPI visuals.
- **HR Analytics Dashboard:** Generated a synthetic employee and attendance dataset across multiple linked Excel files using Python (Pandas, xlswriter), then built a Power BI dashboard with KPI visuals and custom Python/Pillow graphics.
- **Egypt National Team – FIFA World Cup 2026:** Built a multi-sheet Excel data model with relational table joins for Power BI ingestion, and created an interactive dashboard analyzing player statistics and match performance.
- **EV Market Analytics Dashboard:** Built a Power BI dashboard analyzing electric vehicle market trends using DAX measures and Power Query transformations.

KEY SKILLS

BI & Visualization: Power BI, DAX, Power Query, Data Visualization

Programming & Data: Python (Pandas), SQL / MySQL, Excel, Data Modeling, Data Cleaning

Domain: Data Analytics, Business Intelligence

CERTIFICATIONS & TRAINING

- Power BI, Excel, SQL & Python for Data Analysis — Self-Learning
- CCNA Networking Fundamentals — Self-Learning
- Introduction to Cybersecurity & Ethical Hacker — Cisco Networking Academy

EDUCATION

Bachelor of Computer Engineering

Modern Academy for Engineering and Technology, Cairo

Expected Graduation: 2027 | GPA: 3.0 / 4.0 (Very Good)

LANGUAGES

- **Arabic** — Mother Tongue
- **English** — Upper Intermediate (B2)
